

David is the Vice President of Surveillance Systems for Albers Aerospace and part of the ownership group. The company is headquartered in the Dallas area and is comprised of Three Business Units: (1) Manufacturing, (2) Engineering, Aviation, & MRO, and (3) Innovative Technologies.

David is primarily responsible for product design and development. With 10+ years of entrepreneurial initiatives focused on protecting lives, David owns a rich history working with many U.S. Federal Government Agencies. These Agencies include the Drug Enforcement Agency (DEA), Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF), Department of Homeland Security (DHS), Federal Bureau of Investigation (FBI) and the Central Intelligence Agency (CIA).

After 9/11, David received the highest federal security clearance a civilian can achieve. Previously he protected lives as Lieutenant of Chesterfield Hose Company's Firefighter Assist and Search Team (FAST) program. FAST teams are dedicated solely to the search and rescue of other firefighters in distress.

David earned multiple degrees including a BS in Engineering from the School of Environmental and Biological Sciences at Rutgers University.

He can be reached at dbuschhorn@albers.aero.
